

REPORT ON BENEVOLENT AID DISTRIBUTION IN HONDURAS

Below is a report on part of the items we shipped into Honduras in 2007. Brother Erlindo Nunez, faithful evangelist in Honduras, continues to a great help in this effort. I have left his report as he wrote it as I think you will appreciate it more than if I edited it. Following Erlindo's report is a brief email from Rigoberto. Rigo is a medical intern in Tegucigalpa. The items being distributed are for a physical rehabilitation clinic. These items were collected by the WestArk congregation's C.U.R.E. ministry and brought to Judsonia where we loaded and shipped them last August when the temp inside the container was 130F!

The gratitude expressed in this report and at the presentation ceremony is sent to every one that had part in this project. Thank you for your involvement!
