Subject: 18 pictures for you

Hi John,

Amy is having difficulty getting pics to you. She asked me to send some. Here are some more of the children dressed in outfits sent on the last container. Also there is a pic of the new girls' house where the new stove, half of the desks and half of the furniture, which were on the container, have found a place. I sent you before and after pictures of one little girl was placed with us recently. She was found, along with her six brothers in a deserted shanty. The picture of her naked on the bare mattress is in stark contrast to a few hours later, after a good meal, a bath and fresh clothing. She and her six other brothers and sisters now live at our Children's Village.

Hope this helps.

Blessings,
M><>
