Subject: Appreciation to FTP Program USA

The Director
FTP Program
USA

On behalf of Namwianga Mission, allow me to express my profound thanks to your program, FTP and the USA government.

In February, 2008, Namwianga Mission received a shipment of medical supplies, orphan supplies, school supplies, uniforms, to mention but few. These are supplies meant for the rural communities that we serve. These supplies will go a long way in improving the health, wellness, and quality of life of our vulnerable people.

Namwianga Mission and we people of Zambia are thankful indeed to FTP Program for funding the shipment of humanitarian supplies. Your help is a true spirit of love and compassion for fellowman kind.

May God bless your organization and great country of America.

Respectfully submitted by,

George Phiri,
Mission Field Superintendent
